Another 80's cliché - guitar song, but it's good anyway, dontcha think? :) The solo is doubled with keyboards, Dave and Richie playing the same thing at the same time, so it's not too complicated. And remember to keep those A's chugging!

Comments, correction etc. are welcome.

Come Back

by Jon Bon Jovi / Richie Sambora

Now that you're gone, I can see what
Was going on and how you lied
When you said you'd never love again
Friends telephone and they say
You weren't out alone last night
Can't you see that this broken heart
Is killing me?

[Riff 1]
[Riff 2(2x)]

Another night is falling
And now my heart is calling you back to me

[Riff 3]

Come back cause I need your love
Come back got to have your love
Come back bring your loving back to me
Come back cause it's been so long
Come back, and my love's still strong
Come back bring your loving back to me

[Chorus]

You play with words play with love
It's just your silly way
I'm a fool cause I need you by my side again

[Riff 5]
[Riff 2(2x)]

Now it's too late you walk by
With another man
And I stand alone
Cause I know that you're not coming home

Another night is falling
And now my heart is calling you back to me

[Riff 3]

Come back cause I need your love
Come back got to have your love
Come back bring your loving back to me
Come back cause it's been so long
Come back, and my love's still strong
Come back bring your loving back to me
Back to me, come back to me, back to me

[Chorus]

[Riff 6]

[Solo]

Another night is falling
And now my heart is calling you back to me

[Riff 3w/Fig.1(2x)]

Come back cause I need your love
Come back got to have your love
Come back bring your loving back to me
Come back cause it's been so long
Come back, and my love's still strong
Come back bring your loving back to me

[Riff 7]

Come back cause I need your love
Come back got to have your love
Come back bring your loving back to me
Come back cause it's been so long
Come back, and my love's still strong
Come back bring your loving back to me
Back to me, come back to me, back to me
Come Back

[Chorus]

[Riff 6(2x)]
[End]
