This one's easy, but it's got a great feel going on. The verse is the only thing that's even remotely interesting guitar-wise, everything else is just chords. Feel free to add sus4's and sus2's in there if you feel like it.

Enjoy!

The Fire Inside

(Jon Bon Jovi / ??)

[Verse]

Silver bullet in the wild blue
Crack in the walls I'm coming through
Think you can stop me,
Well take a look in these eyes

[Verse]

You can't cage what you can't tame
There ain't no rules, this ain't a game
There's no way to stop
The fire inside

[Verse]

Yeah, you can escape a pouring rain
You can run for shelter in a hurricane
Change your face, lose your name
Lie about things you can't explain
But there's one thing that you cannot deny

[Verse]

[Pre-chorus]

The fire inside
The fire inside
You can run from what's in your blood
And you can't hide
From the fire inside
The fire inside

[Chorus]

Tonight I'll run I need no sleep
When it feels this good you're in too deep
In blood I'm gonna write my name
Cover my tracks I feel no shame
Just let 'em try and stop the fire inside

[Verse]

[Pre-chorus]

The fire inside, the fire inside
You can run from what's in your blood
And you can't hide
The fire inside
The fire inside
It's the only way you know you're still alive
The fire inside
The fire inside

[Chorus]

[Chorus2]

There's no place for me in heaven
Tonight I just might die
They'll be no one to hold my hand
For me no one will cry
There'll be no forgiveness but I'll never deny

[Verse]

[Pre-chorus]

The fire inside, the fire inside
You can't run from what's in your blood
And you can't hide
The fire inside, the fire inside
It's the only way to know you're still alive
The fire inside, the fire inside
The fire inside, the fire inside
It's the fire inside, the fire inside
It's the fire inside, the fire inside

[Chorus]

[Riff 1]
