The officially best song on 7800' Fahrenheit (ie. the only song chosen on Crossroad and One Wild Night). Nice, rocking song with pretty straight forward guitar and great solo. There's parts in the middle, where we're only guessing, but it seems right enough to publish. The guitar parts are basically simple, but there's a lot of little variations throughtout the song.

The intro riff (Riff 1) is also used in the chorus. Verse consists of two riffs, verse figures 1 and 2. For the chorus, play riff 1 for the amount of times needed (4 for first, 8 for 2nd chorus), and then Fig.4. For the bridge between chorus and the solo, play figures 5 and 6, with the first part of fig 5 repeated right in the middle of the bridge. Listen to the record. Solo is played over solo rhythm, with C,D and E at the end. After the solo comes the C-part, with Fig.6. Then back to the chorus and fade - out.

In And Out Of Love

(Jon Bon Jovi)

[Riff 1]

Young and wired [Verse fig.1]
Set to explode in the heat
You won't tire
Cause baby was born with the beat

Take you higher than you've ever known [Verse fig.2]
Then drive you down to your knees
I pick you up when you've had enough
You been burned baby lessons learned

In and out of love [Riff 1]
Hear what I'm sayin'
In and out of love
It's the way that we're playing
In and out of love
Too much is never
Enough [Fig.4]
She's gonna get ya.

Running wild [Verse fig.1]
When me and my boys hit the streets
Right on time
She's here to make my night complete

Then I'm long gone I got another show [Verse fig.2]
One more town, one mile to go
One endless night of fantasy
Is all she left of her with me

In and out of love [Riff 1]
Hear what I'm sayin'
In and out of love
It's the way that we're playing
In and out of love
When we're together
In and out of love
It's too much forever
In and out of love
Hear what I'm saying
In and out of love
It's the way that we're playing
In and out of love
Too much is never
Enough [Fig.4]
She's gonna get you

(ad.lib talking) [Fig.5]
[Fig.6]
