Misery
------
by Richie Supa
Pink feat. Richie Sambora & Steven Tyler-"Misery"
from the album "Missundaztood" (2002)
transcribed by Rumen Krastev

The song is a ballad, in Janis Joplin's style written by Richie Supa!
Steven Tyler shares the vocals in a duet with Pink and Richie plays the solo!
This isn't a real transcription,because this is NOT what the guitar really plays
(except the solo of course), but I transcribed all the important parts for guitar, so
that you can play the whole song on one guitar.

Comments,corrections and etc. are welcome!

                                                        [Riff
1w/End.1]

Shadows are fallin' all over town   [Riff 2]
Another night and these blues got me down
Oh, misery! I sure could use some company   [Fig.1]
Since he's been gone I ain't been the same   [Riff 1 x2]
I carry the weight like an old ball and chain
Guess its all meant to be
For love to cause me misery

Oh misery! Oh misery!   [Riff 3 x2]
Tell me why does my heart make a fool of me
Seems its my destiny
For love to cause me misery

And, oh! I've been down this road before   [Riff 2]
With a passion that turns into pain
And each I saw love walk out the door
I swore never get caught again   [Riff 1 x2]
But ain't it true? It takes what it takes
And sometime we get too smart to leave
One more heartache for me
Another night in misery

Oh!   [Solo]

And oh misery! Oh misery!   [Riff 3]
Tell me why does my heart make a fool of me
Misery!Misery!
Tell me why, why, why, why, why, why does this
heart make a fool of me
Seems its my destiny
For love to cause misery, oh
Misery
Guess its all meant to be
For love to cause me misery, oh, no, yeah
Misery
