Great song. "Queen" has a lot of guitars on top of each others, and I've only transcribed the main bit. If you want you can turn your wah-wah on and play from E to create the noises in the verse. Notice that the bridge pattern comes up also after the first verse, even though theres no lyrics. After the solo the chorus is lifted a whole step. A classic stunt...

Notation legend:

p = pulloff h = hammer on b = bend up
x = left hand mute

Queen Of New Orleans

She said "Baby, our love's just like your songs
The beat ain't bad, but the words are all wrong
It's time to pack my bags, it's time to just move on"
She sang "Johnny, I'm gone, gone, gone"
And she was gone

Me and Leigh met summer '95
In a burgundy dress, looking finer than a French wine
A Cajun queen with another side
She was a schoolboy's dream, I was out of my mind
She was looking fine

She said "You wanna drive me home?"
But what I didn't know was

Ooh-ooh - I was dancing with the queen of New Orleans
Ooh-ooh - Dancing in the streets of New Orleans
Ooh-ooh - Dancing cheek to cheek in New Orleans
Ooh-ooh - it was almost like a dream

That night I made a move, man I fell hard
When I put my hands in her cookie jar
She was a more than a girl she was a cabaret star
I was deer in the lights of a speeding car

Nothing's what it seems,
She was a Venus de Milo in her sister's jeans

CHORUS
